### OPTIONAL PARTS

**Ceiling Flange Ring 85 - 340**

**Elbow Joint 85 - 360**

Additional 2' SunScope sections, elbows and SunScoops are available separately from the dealer. Elbow joints may be necessary if the roof rafters are not aligned evenly with the ceiling joists or for sloped ceilings. (SEE FIGURE 3).

**Not included, but recommended:**  
100% silicone caulking (300ml) duct tape

### CAUTION:

Ensure that electrical wires, water and gas cylinders and other hazards are clear of both the ceiling and roof areas intended to be removed. Always wear protective safety glasses and wear leather work gloves.
